

You're invited...

to join us at our opening event
Research Training Group:
"Quantum Many-Body Methods in Condensed Matter Systems"

When: January 21st, 2015 (2pm-6pm)

Where: Hörsaal Physik (Physikzentrum 28D 001)

Guest speakers:

Karsten Held: (Vienna University of Technology)

"Materials calculations with DFT+DMFT"

Robert van Leeuwen: (University of Jyväskylä)

"Dynamics of correlated systems with the
Kadanoff-Baym equations"

Frank Verstraete: (Ghent University and University of Vienna)

"Symmetry breaking and the geometry of
reduced density matrices"
